Virginia Department of Education Division of Technology

#### **General Information**

#### **Purpose**

This catalog lists driver and highway safety programs circulated by the Virginia Department of Education, through its Video Library Service. These classroom and staff development videotapes include programs formally distributed by the Division of Motor Vehicles.

#### Who May Use These Materials

These educational materials are for use by Virginia public and private schools, colleges and universities, state agencies, and other agencies with an educational function. To use these materials, schools or agencies must register in advance and have a computer identification number assigned. A blank registration form may be obtained by calling (804) 692-0336.

#### **Handling Fee**

All users are charged a handling fee for each video booked.

Public schools and divisions	\$2.00
All other users	\$5.00

Send a check payable to: The Virginia Department of Education, or call (804) 692-0336 to arrange for an account for your school or organization.

#### **Ordering Information**

#### Requesting Videotapes

We encourage users to order videotapes through the automated Telephone Reservation Service. While use of the TRS is preferred, requests can be submitted by phone, mail, or FAX (804) 225-4514. Users who need assistance with ordering videos may call the booking secretary at (804) 692-0336.

To use the TRS you will need a touch-tone telephone, User ID Number and a Password. (User I. D. Numbers and Passwords are issued at the time of registration). When you have the title numbers of the programs you wish to order, call 1(800) 999-6833 and follow the online instructions. If you need assistance with the TRS, call (804) 225-2980.

#### **Returning Tapes**

Tapes should be rewound and returned as soon as possible after use, or within five working days of when the tape was received. Failure to return tapes promptly may result in additional handling fees. Return tapes to Virginia Department of Education, Office of Production Services, S-Level, 101 N. 14th Street, Richmond, Va. 23219.

70007 VHS 13 MIN. COL CA

Demonstrates what happens when a vehicle moving 55 mph strikes a solid object. From the crumbling of the front of the vehicle to the final sequence, in which the driver is dead, only seven-tenths of a second have passed. The intention here is to vividly illustrate that it is the impact which kills and maims. AMS Distributors, 1996

Staff Development Pupil Transportation

## DICK FISCHER SERIES: "REFERENCE POINT DRIVING" (VIDEO #3 OF 3) (KIT)

70008 VHS 31 MIN. COL CA

Explains that by spending a brief period of time establishing several reference points in the vehicle, any driver can negotiate some of the most difficult driving maneuvers accurately and perfectly everytime. It is necessary to establish these reference points to know exactly when to turn the wheel, stop the bus, change direction, etc., to accomplish these maneuvers. Reference points are the key to making it happen. AMS Distributors, 1996

Staff Development Pupil Transportation

# DICK FISCHER SERIES: "YOU AND YOUR BUS... A PERFECT FIT" (DRIVERS) (VIDEO #1 OF 3) (KIT) 70006 VHS 15 MIN. COL CA

Explains that each driver needs to have extensive knowledge of the vehicle he/she drives daily. Correct seat adjustment, mirror adjustment, knowledge of what each mirror should show the driver, blind spots, establishing the first of many reference points for future use, assessing each driver's depth perception and explaining it's connection to driving are among the topics covered in this video presentation. AMS Distributors, 1996

#### DRINKING AND DRIVING: VICTORY PARTY

990465 VHS 33 MIN. COL MSCA

Dramatizes the potential consequences of drinking and driving. Reveals how peer pressure can overcome the best intentions and shows how easily alcohol and drugs can effect judgment and physical skills. A dramatic story and real-life testimony from students injured in drinking-related auto accidents show that a drinking driver doesn't have to be "drunk" to get into trouble. Barr, driver ed - general

Driver Ed Substance Abuse

#### DRINKING AND DRUGS: DRIVING UNDER THE

990469 VHS 18 MIN. COL MSCA

Notes that 50 percent of the driving public will be involved in an alcohol-related crash some time in their lives. One out of every five fatal car crashes occurs as a result of a driver's use of drugs. These are just two of the startling facts conveyed in this film, which effectively demonstrates the dangers of combining alcohol and drugs with driving. AIMS Media,

Driver Ed Substance Abuse

Driver Ed General

#### DRUGS AND DRIVING: DOUBLE TROUBLE

14296 VHS 20 MIN. COL CA

Focuses on an often-overlooked impediment to good driving. Shows that drugs, whether they be over-the-counter cold medicine or illegal narcotics, can have negative effects on driving abilities. Points out that our society emphasizes the dangers of drunk driving. Barr, 1987

Driver Ed Substance Abuse

#### DRUNK DRIVING: THE LAST PROM

12596 VHS 24 MIN. COL M

Shows that what starts out as an evening filled with laughter and fun soon ends in tragedy. Reveals that four drunk seniors take a spin in a car; two are killed, the other two are permanently scarred--physically and emotionally. Tells how the entire school seeks to learn from the senseless deaths, about peer pressure, and the need to assert one's individual sense of what is right.

Driver Ed Substance Abuse

#### **DUI: CHOICES AND CONSEQUENCES**

15796 VHS 33 MIN. COL MS

Dramatizes the story of three teenage friends all of whom are involved with alcohol/drugs but at different levels. Reveals how difficult it can be to pin down and deal with teenagers' alcohol/drug use; some experiment briefly, others successfully hide their usage from parents, and parents are usually reluctant to admit there's a problem. JOHNIN, 1988

Driver Ed Substance Abuse

#### EAP: A SUPERVISOR'S VIEW: FLI LEARNING SYSTEMS;
